Website About Page

A screenshot of a web browser showing the "About" page of the "Enerlytics" website. The left side of the page features a large, stylized graphic of a globe with various data overlays, including charts and graphs, set against a dark blue background with a world map. The right side contains text and a "View Dashboard" button. The browser's header bar shows the URL "127.0.0.1:5000/#about" and various navigation icons. The main heading on the page is "About the Project", followed by a paragraph of text and a bulleted list of project features.

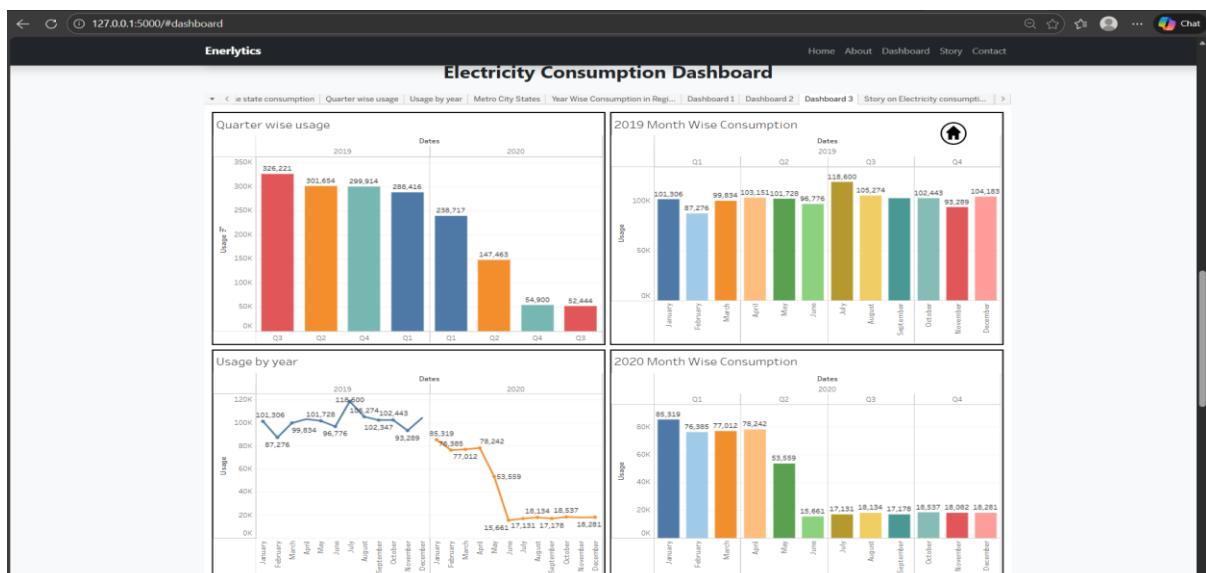

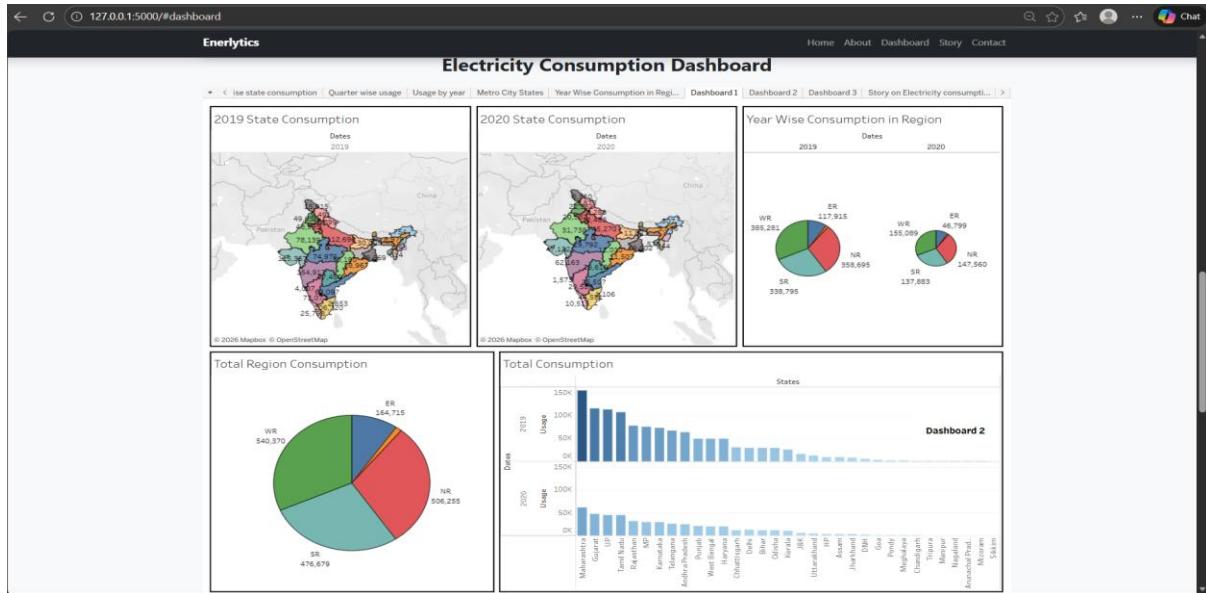

About the Project

This project analyzes electricity consumption trends across Indian states during 2019–2020. It examines seasonal patterns, regional comparisons, lockdown impact, and top/bottom performing states using Tableau dashboards.

- 📊 State-wise consumption insights
- 📅 Monthly and yearly comparisons
- 📍 Regional trend analysis
- 🕒 Lockdown impact study
